Celebration Of New Year Begins Today

Relief Association Dance And Entertainment Opens Festivities

Tonight in the Woman's Club House the Unemployed Cooperative Relief Association will stage its big New Year's frolic. At 2 o'clock this afternoon the fun will start with a children's entertainment, then at 7:30 the real party will commence. At approximately 9 p.m., there will be card playing and dancing to the music of the Lone Star Rangers.

A very diversified program is scheduled, with the rangers presenting a farce entitled "Elmer from Arkansas," a playlette which has been put on in more than 50 Fox film houses recently. Local talent will include Misses Marien and Billie Christensen, tap dancers; Jay Brice, who dances, sings and whistles, and Mr. Sirvan, who will play piano solos.

The Relief Association announced at its business meeting at the Park House on Thursday night that Harry Beidler had been forced to resign as general manager because of ill health, and in his place Jasper King was elected. A letter compiled by a group of association members was read in which the following expression of gratitude was made: "We, the benefactors of the hot lunches served by the women of our organization appreciate the quality of the lunches that have resulted from the cash donations of some of our townfolk." Women members also state that they are in need of additional workers to sew on garments, and more quilt frames. Applications for either aid or help may be made at 24 West Central avenue.

Pastor Comes Back Here To Live After Absence Of 17 Years

The Reverend and Mrs. W. R. Hannaford moved back to Sierra Madre this week after an absence of 17 years, to live at their new residence at 138 West Montecito avenue. Rev. Mr. Hannaford was pastor of the Congregational Church for three years when he previously. He and his wife have been living in retirement in Bloomington, California, but just couldn't forget Sierra Madre. A visit here several months ago, at which time they renewed their subscription to THE NEWS, convinced them that this was the proper place in which spend one's retirement, and as soon as arrangements could be made, they moved.

BRIDLE CLUB'S FIRST CANTER AND BREAKFAST IN BAILEY CANYON PARK IS ARRANGED

THE first out-of-door breakfast meeting and horseback ride of the new Foothill Bridle and Breakfast Club of Sierra Madre will be at 9 o'clock a week from Sunday morning, January 8, in Bailey Canyon. It was decided at the club's business meeting in the Legion Quarters of the City Hall on Tuesday evening. Speakers and musical entertainment is being planned. All of the club members also have promised their participation in the Horse Show that has been definitely scheduled for January 22.

Application blanks for the show must be filled in by January 15, the date the programs go to

To Erect Bird Bath In Park As Memorial To Mrs. Cornie Hart

A turquoise blue porcelain bird bath has been purchased as a memorial to Mrs. Cornie Whitney Hart by local organizations and a group of friends. This beautiful memorial is on display in the window at Rikeman's Gift Shop. A tile base will be made for the pedestal saucer and plans to erect the bath in the City Park are being made.

County Will Spend \$4452 For Bridge On Central Ave.

Hope that Arcadia will at last improve its portion of Central avenue was seen this week as the county indicated that it would accept a bid of \$4,452 for the construction of the new bridge over the Santa Anita wash just east of Sierra Madre—Arcadia line.

A Pomona contractor, John Strona, submitted the low bid to the Board of Supervisors, and it was taken under advisement along with the higher bids that accompanied it. The sum includes construction work only, the county planning on purchasing the material on separate bids.

Arcadia at various times has given this city assurance that it would pave Central avenue from the city line to Santa Anita Ave. (Double Drive) as soon as the county either built or helped it to build a new and wider bridge over the wash. In its improvement of East Central avenue, Sierra Madre widened the street considerably beyond the lines of the present bridge and the county's plans for the new structure calls for conformation with the width of the thoroughfare as determined by this city.

Trial Of Ida Brown Fixed For Tuesday

Trial of Mrs. Ida J. Brown for assault on her husband Louis Brown with a caustic fluid will be held in Superior Court in Los Angeles on Tuesday after a series of postponements, the local police department was notified by the district attorney yesterday.

Last September Mrs. Brown poured a scalding lye solution on her husband's face as he lay sleeping in the couple's home in San Gabriel Court, after which she attempted suicide with poison. Shortly thereafter she was released on \$2500 bail and soon after returning to her home she made another unsuccessful attempt to end her life. Brown himself lay at the point of death in the county hospital for three months, only lately being able to return home, with lye scars disfiguring his face and his eyesight practically destroyed.

Immediately after the lye throwing episode Mrs. Brown repented, saying that she would make everything up when Brown was returned to her. No information can be obtained as to whether there has been any such reconciliation between them, or as to whether Brown will appear as a State's witness against his wife and attacker.

Real Homey Christmas In Sierra Madre

Hundreds Brought Here By Joyous Observance Of Greatest Of Holidays

BEGINNING with the songs of carolers through the city's streets soon after dark on Saturday, Sierra Madre's celebration of the two-day Christmas holiday was real homey, and joyous. It was particularly marked by scores of homecomings, family reunions and friendly gatherings about the festive board that brought hundreds of visitors here.

A check up by various church and other organizations proves that the city's announced intention of seeing that no known needy family was overlooked in the distribution of some form of Christmas cheer was realized. The firemen distributed 140 baskets of food and holiday delicacies, more than 200 toys and at the great tree in City Park on Christmas eve, Santa Claus handed out a few more than 500 well filled stockings to eager children.

It is estimated that the various clubs and societies and individuals quietly provided baskets containing Christmas dinners for nearly a hundred families in addition to those supplied by the firemen.

Holy Communion at the Church of the Ascension Christmas eve and the children's pageant were well attended, as were the Congregational Church's pageant and cantata. High Mass at St. Rita's Shrine, as well as Low Mass drew many churchgoers.

In the homes where many were gathered from afar the Christmas idea was carried out fully, the following paragraphs indicating the homey character of the observance here:

Alexander MacLaren of the Sierra Madre Hotel, entertained with a Christmas party on Monday at his Hollywood home. Covers were laid for 14 guests.

Mrs. E. C. Foster of 65 South Baldwin avenue, entertained with a dinner party on Christmas Day. Guests included Miss Elsie Talbert and James Talbert of Pasadena.

Ring Out, Wild Bells

RING OUT, wild bells, to the wild sky,
The flying cloud, the frosty light;
The year is dying in the night;
Ring out, wild bells, and let him die.

Ring out the old, ring in the new,
Ring, happy bells, across the snow;
The year is going, let him go;
Ring out the false, ring in the true.

Ring out the grief that saps the mind
For those that here we see no more;
Ring out the feud of rich and poor,
Ring in redress to all mankind.

Ring out a slowly dying cause,
And ancient forms of party strife;
Ring in nobler modes of life,
With sweeter manners, purer laws.

Ring out false pride in place and blood,
The civic slander and the spite;
Ring in the love of truth and right,
Ring in the common love of good.

Ring out old shapes of foul disease,
Ring out the narrowing lust of gold;
Ring out the thousand wars of old,
Ring in the thousand years of peace.

Ring in the valiant man and free
The larger heart, the kindlier hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.

LORD TENNYSON.

One Woman Art Exhibit At Gallery

Portraits Of Sierra Madreans By Sierra Madre Painter At Little Gallery

A group of fifteen canvasses, including portraits of prominent Sierra Madreans, works of Beatrice Ward Kelterborn, will be the first exhibit of the new year at the Little Art Gallery at the City Hall. The "one woman" show will open with a reception next Monday evening, January 2, at 8 o'clock. The exhibition, which will last only a few days, is made possible by the courtesy of Mrs. Fred Griebenow, art chairman of the Sierra Madre Woman's Club.

Following the local showing the pictures will be sent to Los Angeles, where they are to be exhibited in the Dana Martlett Art Galleries for two weeks, beginning January 15.

Patrons and patronesses for the exhibit and reception will be Mr. and Mrs. Harold D. Carew, Mr. and Mrs. W. J. Lawless, Mr. and Mrs. C. W. Camp, Mr. and Mrs. E. D. Burbank, Col. and Mrs. H. B. Hersey and Mr. and Mrs. R. S. Corlett of Sierra Madre, and Jean Mannheim of Pasadena.

Mrs. Kelterborn, who maintains a studio at 907 Skyland Drive, is well-known here, having come to Sierra Madre with her parents, Mr. and Mrs. Irving N. Ward, as a child. She attended the local grammar school, later graduating from Pasadena High School. She received two scholarships to continue her study of art, one to the Otis Art Institute and the other at Stickney Memorial School in Pasadena. Choosing the Stickney school she continued her study of art for three years. She later studied with Jean Mannheim of Pasadena and Richard Miller of the New York Artist Students League. Her professional work includes two years of portrait work in New York and painting the Hollywood moving picture stars for Sid Grauman's and Warner Brothers' theatre lobbies.

Following Mrs. Kelterborn's canvasses will be an exhibit of the California Water Colors Society opening January 5.

A cordial invitation is extended to both exhibits.

Among the portraits of Sierra Madreans to be shown in next week's exhibit are those of Lee Shippey, Col. H. B. Hersey, Mrs. Mary Wammock, John Colbert Jr., Mrs. Francis Eakman, an athlete posed by Hugh Addis, Ralph Russell, Lucky Ball, Dorothy Wammock, children's pictures and others.

Firemen Subdue Dangerous Blaze At Seiling Home

Prevented by prompt action of local firefighters from gaining dangerous headway, a fire that might have had serious consequences broke out between the walls of the Oskar Seiling residence on North Adams street at 2 o'clock Thursday morning. Several hundred dollars in damage was done to the living room and outer walls and roof, as a flame generating from sparks falling through loose fireplace bricks filled the house with smoke, awakening Professor and Mrs. Seiling and Miss Orlene Burrows, who were asleep on the second floor.

A two alarm blast from the fire siren called the entire force of firemen from their beds. If the fire had gained headway there was danger of a forest fire, as the Seiling estate is located on the hillside, in the very mouth of a canyon and at the very edge of the Angeles forest.

A 200 foot film of himself and a victrola record recording his voice were the novel gifts sent by Gilbert Klemme Bovard, five year old son of Dr. and Mrs. Gilbert S. Bovard of 159 West Montecito avenue, to his parents this Christmas. Gilbert lives with his aunt, Mrs. Ralph Stanbery, in Mason City, Iowa.

Three Fires In Midst Of Wind Storm

Trees Uprooted, Telephone And Light Poles Down As Utilities Service Is Hit

High winds that at times reached gale proportions wailed through Sierra Madre, uprooting great trees, causing one spectacular brush fire and keeping firemen and a great portion of the town on the jump from early afternoon until nearly midnight Wednesday.

Two minor fires occurred simultaneously. Pacific Electric trains were held up by obstructed tracks on West Central avenue, street lights were down in one section, and telephone lines were wrnched from their poles seriously impairing the phone service all over the city.

Starting probably from a chimney spark, the evening's most hazardous blaze swept from the North-east part of the spreading grounds in all directions about the pumping station, and was in danger of reaching surrounding dwellings. The high flames attracted large numbers of townspeople who battled with the firemen in soaking the greasewood and brush in the fire's path and quenching it just before it got to the Sierra Madre Dairy.

Two pepper trees, 25 feet or more in height, rooted across the street from one another at Grove street and Grand View avenue, crashed down pulling a telephone pole and power wires with them and forming an impassable cross of foliage and splintered wood in the roadway. The roots of one tore a five foot square of sidewalk up, standing the cement up on end to resemble a broken piece of cake frosting.

The salvage truck was called to haul away a tree that fell across the car tracks tying up traffic between 6:30 and 8 o'clock, the busy hours for the fire and police crews.

A Christmas tree short-circuit in the W. R. Morgan home at 534 West Montecito caused a fire at the same time the third fire caught in some brush on Churchhill Road. Hastily organized fire crews extinguished both.

A number of dead branches broke off trees, portions of shingled and tar-paper roofs loosened, and debris of every nature blew through the streets to give the thoroughfares an extremely untidy appearance early Thursday morning.

A few of the cocon plumosa palms on Kersting Court were badly bent and battered by the wind, but most of them suffered no more than snapped foliage. No serious damage to property was reported.

As an anti-climax the siren at the City Hall went off for the fourth time yesterday morning, and a truck raced up to the wash, the scene of the big fire the night before—only to find someone had become unduly alarmed at some bonfires the city workmen were tending in the flood control project being carried on at the settling basins there.

Trucks and follow-up volunteer firemen were slowed up several times Wednesday night by curious drivers who hurried to the fires in unlawful manner. Chief of Police MacMillan issued a warning that it is against the law to follow a fire truck at a distance less than one block, or to park in the same block as the fire, as both actions seriously hamper the movements of the firemen. Tickets will be given to anyone guilty of this offense in the future, MacMillan states.

SPECIAL ELECTION TO VOTE \$200,000 FOR CROWN CITY RELIEF

Pasadena's Board of Directors have decided that the \$200,000 surplus in the light department fund may be used for relief work without crippling that department of the civic government, and a special election has been called for January 26, at which date the people will be asked to give legal sanction to the proposal.

Forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus.

It is not regretting what is trippable that true work is to be done, but by making the best of what we are... Life, like war, is a series of mistakes, and he is not the best Christian nor the best general who makes the fewest false steps. He is the best who wins the most splendid victories by the retrieval of mistakes. —F. W. Robertson.

NOT WORTH WHILE

How much of a chance do you take of getting yourself in an automobile accident? A study of traffic accidents over a period of 15 years has revealed some interesting figures. It has been brought out that when driving carefully in clear weather and on a good roadway and with your car in good mechanical condition the chance of your having an accident is only one in a thousand. However, this same study has revealed that odds shorten rapidly when a driver takes a chance in one of the various practices that come under the head of bad driving.

If you cut out of line in traffic your chances of having an accident are multiplied by 50; if you drive at an unreasonable speed your chances of having an accident are multiplied by 25; if you pass another car on a curve, your chances of crashing are multiplied by 21; if you pass another car on a grade your chances of having a smash-up are multiplied by 10, and if you fail to signal, your chances of collision are multiplied by five. And the moral offered is this: Is it worth while to take a chance?

MRS. LANGLEY HURT WHEN CAR GETS AWAY

Mrs. Alvin Langley, of 72 East Montecito, was confined to her bed this week as a result of shock and bruises she sustained when she lost control of her car while driving north on Baldwin avenue, south of Central, on Friday just after dark. The car crashed into one of the deep storm drain gutters, telescoping the entire front end of the hood.

Landmarks Fall As Huge Acacia Trees Feel Woodman's Axe

General regret was expressed this week at the removal of two beautiful black acacia trees, long landmarks on the north side of West Central avenue at Hermosa street. It was necessary that the trees be cut down, for the roots had so spread and swollen that they were destroying the nearby sidewalks and sapping the strength from surrounding plants and flowers. They will be replaced by cocus plumosa palms, which will be in harmony with the city planning commission's plan of establishing that tree as the official tree to line Central avenue from Sierra Madre avenue through the business district.

BAD BREATH

A FRAGRANT BREATH adds immeasurably to one's personality, and is the usual accompaniment of normal health. An unpleasant breath usually indicates digestive disorders. Bad breath is most frequently associated with a foul stomach, and is nothing more than the foul odors of decomposing food.

There are other causes—catarrh, decaying teeth, lack of sufficient liquid, and more rarely the effect is due to disease of the lungs.

Since bad breath is a form of gaseous elimination, the logical thing to do is to assist nature in her attempt at house cleaning. There are several ways in which this can be accomplished.

A series of short fasts, or the substitution of one or two meals with fresh fruit, or elimination of breakfast altogether, is one way of achieving results.

The use of deodorants, especially the candy variety with its peppermint, wintergreen, etc., is most assuredly inadvisable. At best it is but a temporary counter-odor and is of absolutely no assistance in promoting normal digestion. Only by a thorough "house-cleaning," removing from the system the poisons that are the cause, can we expect permanent results.

However, for the immediate condition, where one wants to neutralize the odor, the consumption of some of the citrus fruits, or most of the other acid fruits, will suffice. An orange serves the purpose better than chewing gum. Grapes will deodorize the system better than peppermint.

Health questions will be gladly answered. Write Dr. Kartoff, care of this column.

SIERRA MADREANS AT ROSE QUEEN'S CORONATION

The following Sierra Madreans participated in the pageant pantomime in honor of the coronation of the queen of the Tournament of Roses on Wednesday evening at the Civic Auditorium, Pasadena: Misses Cricket Caukin, Ruth Klunk, Mary Davis and Catherine McClelland, and Selwyn Myers, Gilbert Sumner and James Kelleher. A dance followed the coronation.

A NEW YEAR'S RESOLUTION

OUR NEW YEAR'S RESOLUTION a year ago was to abandon all other forms of advertising in favor of the local newspapers in the communities in which our stores are located. Strict adherence to the resolution proved so very satisfactory that we have made another resolution for 1933. It is to materially increase our advertising appropriation. We find newspaper advertising is taken more seriously than any other form of appeal. In the communities in which our competitors believed they didn't have to advertise—that they and their business was sufficiently well known—our stores showed an almost astounding gain. We are firm believers in the wisdom of keeping our name and our goods constantly before the public whose patronage we seek and the local newspaper is undoubtedly the most satisfactory as well as the cheapest medium for this purpose since it is our experience that buyers expect to read their advertisements in the newspapers and to be able to compare the offerings of the local business houses.

Woman's Weapon

By Venus of Hollywood

BEAUTY is woman's weapon in the game of life. Beauty is power. A well groomed skin immediately gives a woman an advantage that is worth while, whether it is used in business or social life.

We are given a set of features by nature, none of which we may change except our skin. That lies within the reach of every woman. Our eyes, nose, mouth, contour of face all must remain as they were, but we are privileged to surround those features with good or poor skin. And no matter how irregular her features, a woman may improve herself by a glowing, beautiful skin, which commands the admiration and respect of all who behold it.

Beauty of woman is like a garden. Tended it sings with glory, we catch our breath at sight of it. Neglected, weeds creep in—one shudders at the ravages. You may have been born with out beauty of features, but at any time you can be made pleasant to look upon. Beauty opens doors that nothing else can open. It leads you into romance, love, glory.

Good skin is not a matter of magic. It has been my experience that merely going to a beauty shop occasionally is not enough to keep the bloom of youth on the average woman, but I have found that a few moments work at home each day will go far in bringing forth and preserving the natural beauty with which nature has endowed every woman.

'The Match King' Is Sparkling Story At Tower Theatre

Immediately upon the heels of the most amazing international financial swindle in modern business history comes the dramatic picture, "The Match King," which opens a week's showing at the Tower Theatre in Pasadena tomorrow, paralleling in screen drama the astonishing story one man's skillful manipulation of matches into a colossal bubble that broke only when general business depression revealed the crookedness of the financial machinations.

Seldom has the screen offered a more dramatic subject than "The Match King," played by Warren William, and never has an actor had a "fatter" part than the title role.

Lili Damita, who plays the feminine lead, was chosen as the actress who could suitably interpret the role of the continental film actress. The selection of just the right actress was finally sifted down to two players, Lili Damita and Greta Garbo, and as Miss Garbo was unavailable, she was in Sweden, Miss Damita was chosen.

Showing for the final times tonight is "Central Park," featuring Joan Blondell, Wallace Ford, and Guy Kibbee, also a Warner Brothers studio preview at 8:30.

Fire Flames

By one of the boys

WITH the Toy Shop closed, the Big Party over, Christmas dinner baskets distributed, and all the events in connection with the Yuletide season ended for this year, the firemen can now enjoy a short period of relaxation before starting on preparations for Sierra Madre's big annual event—the Wistaria Fete. The blossoming of the vine usually occurs in the early spring, sometimes in March, and requires plenty of preparation to guarantee its success. Our breathing spell, therefore, will be of short duration.

Despite the hard work and time required for the Toy Shop, those who were responsible for the success of it, all seem to be satisfied that they made many kiddies happy, therefore receiving a lot of happiness for themselves.

No one can deny that we had a jovial Santa Claus this year at the tree. Santa appeared from his home in the "South?" (probably the "South-West Corner") on the back of a broadside horse. After delivering toys to the boys and girls of the town all during the day, the old fellow was very tired when the time for his appearance at the tree. He needed more than a horse.

While delivering the baskets of "cats" last Saturday, the men heard many requests as to how and what a person must do to obtain one of the baskets. It is no fault of the firemen if any one was neglected as they inquired of every available source for information as to the needy.

We are sorry if any family went without a sufficient amount of good food for Christmas. If they did, we did not know about them. The Fire Department thru "Fire Flames" wants to thank the folks who aided us in making possible the successful Christmas party and what it financed. We also want to express our thanks to all the kind people that donated their time and gifts to the toy shop. In all, every one seemed more than joyful to aid us.

Altho' the hour was 2:30 a.m., most of the firemen were out to the fire that happened last Thursday morning. 'Twas a very cold morning too. What would have been a big fire, was prevented by the work of the department. When we arrived, there was smoke at all corners of the house, therefore it took a little time to locate the base of the fire. However, experience has taught us not to be in too much hurry with water, for much damage can be done with it. The smoke was emerging from between the partitions and required the services of our carpenter members to determine where to open up the walls. This is being carefully done by the fire department in order to make the repairs as easy as possible, with less expense to the owner.

Well, the fire's out.

Gas Thieves Arrested By Local Police

But Pasadena Boys Are Not
 Believed To Be Culprits
 Most Wanted Here

Two Pasadena youths of sixteen, whom police prefer not to name, were apprehended on upper Sunnyside avenue late Thursday night with evidence in their car of gasoline thievery. But local police are convinced they are not the perpetrators of many recent gas thefts here.

Officers Harlan Gerlach and Harry Scott observed their car when it came to a stop with headlights switched off. The boys went into a nearby house, and Gerlach put their ignition system out of commission before taking a five gallon gas can, syphon and an identifying cap down to the station.

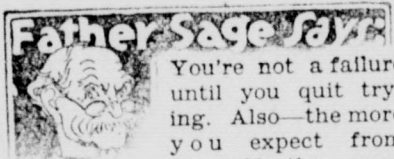

When the police patrol car returned the youths were attempting to coast the stalled car. They asked for "a push." They got a push—clear down to the City Hall, where they confessed that they were on a gas stealing expedition. They satisfied the police however, that they were not responsible for previous jobs of the same kind in this district and they were held only until their parents could come from Pasadena to reprimand them and take them home. As the gas pilfering of the night was supposed to be their first, and as they promised, it would be their only deviation from the straight and narrow path, names of both the boys and parents are withheld.

Former Resident Here Kills Self In Duarte Sanitarium

John Bernard, formerly a resident of Sierra Madre, shot himself through the head while lying in his bed at the Los Angeles Sanitarium in Duarte Monday morning. His suicide was discovered by a nurse.

While living here Bernard and his family resided at 251 West Highland avenue, but after he was confined to the sanitarium several months ago the family moved to Los Angeles. Although police here are working in co-operation with Arcadia authorities in an effort to find those or other relatives, no trace of them has been found.

Bernard was at one time a book-keeper in the County Jail.

You're not a failure until you quit trying. Also—the more you expect from yourself the more you will accomplish.

Central Avenue Is Repaired By City And Railroad Co.

Central avenue now presents a smooth and improved surface to the motorist the entire length of the roadway from Sierra Madre avenue to the eastern boundary of the city as a result of extensive work the city has been carrying on during the past weeks on the intersections on West Central avenue.

Worn out and bumpy wooden plank culvert coverings that formerly were in use at each intersection from Auburn avenue west have been replaced by graded concrete boxes with asphalt surfacing, or have been done away with in favor of swails. Corners have been graded and rounded, as at Auburn and Central, so as to permit an easy turn onto Central from any side street.

The middle of Central avenue is also greatly improved due to the fact that Pacific Electric railway workers have put in new railroad track foundations and new surfacing on their roadbed.

SETTING out border plantings along the boundaries of our lot is a most fascinating step as we go about making our home grounds into a place of beauty and of family enjoyment.

Our border or boundary planting, for on the average city lot they will be the same, will serve us in certain definite ways if we design it correctly.

It will provide our family with privacy essential to enjoyable use

WALLS OF GREEN SCREEN OUT UNSIGHTLY VIEWS

of the home grounds. Even among friendly neighbors we welcome a shield to protect us against too curious eyes.

The right sort of boundary or border planting will also screen out unsightly views and objects. Telephone poles and the mass of wires, for instance, can be hidden by correctly placed trees. High growing shrubs will mask a ramshackle garage or a vine-covered lattice will block out a broken-down fence or rubbish heap. Sometimes entire districts such as railroad yards or squalid residences present themselves to view whenever we step out of doors. Again, trees, high growing shrubs and hedges and climbing vines with their thick foliage will eliminate the unsightly picture.

As a background for flowers the shrubby border is almost indispensable. The bright hues of bud and blossom show to best advantage against the dark green of shrub and tree foliage.

Now how to go about designing a shrubby border, you ask. Really this is not difficult. On a small lot a few varieties of shrubs, four or five, are better than many. The border may flow in interesting curves with bays

and promontories, but remember that your ground space is at a premium and your 50-foot lot is not a city park.

If you decide to plant your borders in curves let some of the shrubs of graceful character come out on a promontory to the grass line rather than studiously facing down tall growing shrubs with medium growers and medium height shrubs with low growers and these in turn with herbaceous plants such as iris

and the iris in rotation with a fringe of annuals such as sweet alyssum.

In the informal border the greater breadth of planting should occur where the densest mass of foliage is to be placed, for instance, opposite an unsightly garage next door, and the narrowest strip where the screen is to diminish so that we can catch a glimpse of the floating lilies in a neighbor's pool or the delicate tracery of a church spire in the distant sky.

For a variation in sky line is as replete with interest and charm as is irregularity in ground line. Usually the greater height of tree or shrub should be in the wider border space. And frequently the greatest height will be in the lot corners.

Variety in form, rounded or peaked, is as pleasing as differences in height. As the globe shape is more common than the pyramid in plants, it is well to include more of the former in our border, using the spiky Lombardies and evergreens for accent effect. Growing habits, such as erect or drooping, should also be taken into consideration in planning our boundaries.

FOUR STATES TO HOLD MIDWINTER PICNICS

Iowans, Illinoisans and Minnesotans in California have planned three great mid-winter picnics. The Illinoisans will open their season Saturday, January 21st, in Sycamore Grove Park, Los Angeles. The Minnesotans the same Park Saturday, February 18th, and the 400,000 Hawkeyes are to rally in Lincoln Park, Los Angeles, Saturday, February 25th. There will be the only all California picnic for these states this winter. Every former resident is invited to the reunions. The Michigan people will hold their picnic reunion in Sycamore Grove Park, Saturday, January 7, 1933, under the auspices of the Michigan Association of Southern California which has been featuring these reunions for more than thirty years.

FRACTURES HIP IN FALL ON WET STEPS

Mrs. Jennie Collins of 73 East Central avenue, suffered a broken left hip on Friday evening, when she slipped on cement steps in the rain at the home of a neighbor. She was taken to the Pasadena Hospital, where, according to her physician, Dr. M. H. A. Peterson, she is resting comfortably. She plans to return to her home in about a week or ten days. Miss Margaret Mockbee, her granddaughter, resides with her.

Every case of tuberculosis comes from another as definitely as every case of small pox is caused directly from another. The problem is to find the unknown active cases. Christmas Seal money goes toward this work through chest examinations with x-ray given in our local schools.

ALICE IN WONDERLAND AT THE PLAYHOUSE

Assuming the nature of a musical revue in which the topsyturvy characters of Lewis Carroll's famous story present their droll and ever-entertaining lines to a quickened tempo and modern music, a production of "Alice in Wonderland" from an arrangement of Alice Gerstenberg's modernized adaption, and with a new musical score by Sally Linley, opened on Monday evening at the Pasadena Community Playhouse. The total cast numbers around a hundred players and dancers.

PRICE OF DINING CAR MEAL CUT 50 PERCENT

No longer will patrons be called upon to pick out and pay for the menu items one by one, it was announced today. Instead, the procedure will be: "You pay for the entire and the rest of the full course meal, including soup, salad, vegetables, bread, butter, beverage and dessert will be furnished without additional charge."

Officials In Doubt About Legality Of Beer Selling Here

Members of the Sierra Madre City Council are not prepared to say what the city would do in the matter of enforcing the prohibition law in the event that the beer bill, passed in the lower House of Congress last Wednesday, shall become a law.

The city's own very drastic prohibition enforcement ordinance would certainly not permit of the sale of beer—does not as a matter of fact make the sale of beer permissible.

The question is whether or not the act of Congress would supersede the local ordinance in the absence of any State legislation permitting the sale of lager beer.

"The matter will have to be referred to the City Attorney if and when the pending beer bill is disposed of by the Senate and is acted upon by the President," said Mayor H. Clay Reavis last night, "and we will be guided entirely by his opinion as to our duty in the matter."

Meanwhile the city's own enforcement legislation is now effective, the Wright act, providing State enforcement having passed out of existence by mandate of the people when official announcement was made by the State Department on Monday of the vote by which the measure was recalled.

MOTOR FROM ILLINOIS TO SPEND HOLIDAYS HERE

A. L. A. Activities

By Dorothy Shetler

WELL, Christmas is all over now, except the Bisma-Rex high-balls and the Baking Soda todays.

President Maybelle Barker and Agnes Tyree, Child Welfare Chairman, chauffeured by Norman Jensen, motored to Los Angeles last Friday to help pack Xmas cartons at County Council. Mrs. Barker said 800 baskets were packed that day, she and Mrs. Tyree assisting in the preparation of 99 cartons. Sierra Madre Unit received four of these cartons for local distribution.

Each box contained an assortment of 22 articles of food-stuffs. The money used in this big undertaking was the Legions and Auxiliaries of L. A. County's share from the proceeds of the Armistice Day Football game.

Didja know we now have a prospective member for the Junior A.L.A., born December 22. Name is Peggy Lucille and she is the eight pound daughter of Dollie and Colin Hill. Peggy was almost a Christmas baby. But Louise Roe's birthday is on Christmas and she says it's not such a good day. For your presents come labeled "Merry Xmas and a Happy Birthday," and folks make one gift serve for two purposes. So Louise congratulates Peggy on having an earlier date for her birthday.

Mrs. Hallie Hogan's mother, Mrs. Johnston, is seriously ill at the Loma Linda Hospital. Mrs. Johnston had to have a rush operation and her condition is critical. Mrs. Hogan has only recently recovered from the flu.

One of our popular members is leaving Sierra Madre to reside over around Hollenbeck Park in Los Angeles. Mrs. "Candy" Smith invites her A.L.A. friends to come over to see her and take a boat ride with her on the lake. Thanks, Helene, we'll be glad to come over and drop in! Her change of residence leaves the Radio Chairmanship open for nominations.

Another of the smiling faces will be transferred elsewhere, to our loss. Hazel Reed will be in a Pasadena Unit from now on. We not only lose a cheery body, but also a blamed good "sky pilot." Nominations are also in order for the office of Chaplain.

Four of the A.L.A. ladies were busy in assisting with the Christmas pageant at the Congregational Church last Friday evening. The pageant "Joy Unto Others" was directed by Lovetta Pratt and written by Mrs. Pratt's mother, Mrs. Mae W. Hicks. Leila Embree trained the kiddies in the musical parts and was accompanist for their songs. Elva Rea-

vis carried the role of "Mrs. Richly" and Lovetta Pratt was "The Old Lady." Lucille Pickett was busy as a seamstress for the costumes. Three cheers for the artists of the A.L.A.

Louise Roe, Hospitalization Chairman, reports that she prepared twelve baskets, containing fruit, jam, candy, cigarettes and chewing gum and distributed them to the local shut-ins and ill Legionnaires. They were lovely gifts and was an attractive way for the Unit to say "Merry Christmas." Mrs. Roe reports she also in the name of the Unit delivered two other gifts containing an article of wearing apparel.

On Saturday afternoon the Junior A.L.A. held their surprise Christmas Party. There were 30 boys and girls present and six adults. The Seniors had as merry a time as the young ones. Miss Santa Claus, played by Muriel Downs, saw that each girl and boy present received a gift and a stocking stuffed with goodies. Many games were in progress, everyone having a "scrumpious" time. Much credit goes to Miss Minnie Stinman, Senior A.L.A., for her capable assistance with the party.

To Agnes Tyree, Child Welfare Chairman, was entrusted the responsibility of purchasing and delivering gifts for the local veteran's children. Among her purchases were toys, candy and wearing apparel. A more complete report of the Christmas committee, comprised of Louise Roe, Agnes Tyree, Leila Embree, and Miss Marjorie Stinman will be discussed later.

The regular semi-monthly A.L.A. meeting was held in the Legion Dugout, December 22nd. Many members were forced to be absent because of illness, or last minute Xmas preparations. There was the odd number of 13 present, but no one was willing to go home to even things up.

The business of the evening concerned Christmas plans, chiefly. After brief discussions and reports the meeting was turned over to the Losing Side of the Membership Drive, captioned by Lucille "Pickell." A "swap gift" contest was the first stunt, each member trying to trade packages until they possessed one of a desired weight or contour, before the stop signal. The person holding the most valuable present, then received a prize for their perception. Florence Jensen was the winner of this stunt. Most of the girls managed to only get an onion and "sech" in their packages and the groans were loud and long.

The next stunt was drawing a horse and rider with the lights all out. Some very odd specimens of equines were displayed. Miss Marjorie Stinman won the prize for the best drawing. Refreshments were served and

not the onion soup that was promised. Everyone home early. Next meeting Thursday, January 12. Be there and vote.

By Minnie Stinman
Dorothy Shetler, nee Bowers, smiles out at you this week from our album of Portraits in Print.

Coming to Sierra Madre two years ago, Mrs. Shetler immediately joined the A.L.A., and was at once appointed publicity chairman. Here her newspaper training stood her in good stead for while attending school in Greensburg, Pa., Dorothy spent her vacations and spare minutes as proof reader of English on an Italian newspaper, "Star of Italy," being the only American on the staff. Though she spoke no word of Italian, then or since, she acquired a command of language equaled by few, as this column amply proves. She is one of the few among us who have never aspired to the dignity of "school-marm," but she with her three other partners taught a dancing class.

Having decided, at the age of 10 that she never intended to marry, she took a "honeymoon" trip to Niagara Falls with her mother, so as not to miss seeing them! Years later, romance entered her life, and she eloped.

A native of Pennsylvania, born in Madison, Dorothy heeded the famous advice given by Horace Greeley, and she and her husband journeyed hither in an original "Wondering Liz," a beaver-board house on a truck chassis. The trip lasted five months, and ended at Phoenix, Arizona.

Eleven years ago, the Shetlers decided to see for themselves just what our wonderful California really is, so they settled in Los Angeles. Dorothy believes in education, and found time to attend L. A. Polytechnic night-school. At present, she is an enthusiastic student at P.J.C. night school, and has attended Monrovia-Arcadia-Duarte also.

Mrs. Shetler was such a good publicity chairman last year, that she was re-appointed this year, and to her duties were added those of sergeant-at-arms and assistant co-operative sales. She loves sewing, gardening, reading, writing and dancing, but how she does hate to wash windows! Dorothy is one of our most valued and active members, and we all wish her success as she dashes about gathering the news that makes the A.L.A. column so interesting.

Great Need For Clothes By Red Cross

Warm Garments Wanted For Many Families—Contributions Still Come In

With the Christmas season nearly at an end the Sierra Madre chapter of the Red Cross is preparing to meet the relief problems that must be dealt with in these winter months. A plea is issued by W. R. Humphries, chairman, that everyone with unneeded clothing respond to the need the local headquarters has for such articles.

More than sixty transients, most of them in dire need, have passed through the city since the first of the month, and because none of the regular Red Cross goods may be given to any but residents, the chapter must draw on supplementary funds and supplies to care for them and their like that will come in increasing numbers before summer.

Several dozen pieces of cloth of warm flannelette material are now on hand here to be made into garments by home sewing or to be served by the various ladies' organizations that have volunteered their services for such work.

Cheer was brought to many shut-ins and invalids on Christmas as the Junior Red Cross from the public school made up 100 holly wreaths with colored hand-made cards attached and distributed them to their less fortunate friends. The children that accomplished this work were Norman Jensen Jr., Donald Nelson, Brion York, Phillip Dillon, Barney Huber, Ralph Davis, and Benny Lyon. J. C. Rogers donated his services in driving them around town with the holly. The cost of the wreaths was taken care of by W. R. Humphries, Mrs. Cora Corum and the Harry Lannon estate.

The Grand total of cash and pledges to date is \$1,959.04. Contributions and pledges received during the past week are as follows:

H. C. Lieben, \$26; Mrs. Edith Drake, Mr. and Mrs. Fred Hooker Jones, \$10 contributions; A Friend, \$5; Tom Miller, \$3; Mrs. Tacy Dunning, Miss Jessie Dunning, Mrs. Agnes Tyree, Mrs. Blanche Hamilton, Joe Odwarker, Mrs. Rachael Odwarker, and A Friend, all \$1 contributions.

Many Stars Coming To Silver Sheet At The Lyric Theatre

Richard Dix and Ann Harding co-star in the mighty film "The Conquerors" that is screened at the Lyric Theatre in Monrovia tonight and Saturday. This play embraces four significant epochs in American history, and in the latter portion wherein the World War period is brought to life, Woodrow Wilson's actual voice is heard as that great statesman speaks. In conjunction with this feature "Wild Girl," with Charlie Farrell and Joan Bennett is shown.

Sunday and Monday there will be continuous performances, starting at 2:15 in the afternoon. The two fine pictures playing on these days and Tuesday, January 1, 2 and 3, are Joan Crawford and Walter Huston in "Rain" and "Three on a Match" with Warren William.

Miss Crawford, in selecting the role of Sadie Thompson, had to confront the critics who had seen the late great Jeanne Eagles in the role on the stage, but she succeeded admirably in her characterization of the Island woman of the streets. Walter Huston gives one of the best performances of his fine career as the hypocritical reformer.

Unusual is the theme of "Three on a Match," which deals with the lives of three girl school-mates, played by Ann Dvorak, Joan Blondell and Bette Davis, who have a reunion ten years after their graduation.

WOMAN'S SOCIETY TO SEW

The Woman's Society of the Congregational Church will meet next Tuesday, January 3, at 10 a.m. in the Ladies Parlors to sew. Each one is asked to bring sandwiches. Coffee and tea will be served at noon. A business meeting will be held at 2 o'clock in the afternoon. A full attendance is urged.

Local Sport Paragraphs

By John Copeland
A Merry Christmas being over and a Happy New Year being just around the hill, we may turn our attention to the serious things of life, such as tennis and football and basketball and so forth.

Football, it seems, is like a cordial or like pfeffernuffers—it has to be taken in minute quantities for enjoyment's sake. It commences to pall even before the grand finale on New Year's day, or January 2 to be exact.

In fact we begin to see Graham MacNamee's point of view. Remember that notable bright winter day in the Rose Bowl when Mac forgot about touchdowns and essentials and started raving about the changing color in the mountains and sunshine, and California in general?

It's a wonder even the players don't adopt somewhat the same attitude. After months of strict training (well, pretty strict) and hard bumps, after a swell period of glutting, etc., at Xmas time, then to be compelled to trot out on a football field and key all up to season pitch.

Better, sezwe, to stretch out on the turf (the heck with the cash customers) and let the Trojans give the Pittsburgh boys pointers on the best places to go in the evening. Eleven SC players should be able to dig up eleven extra blondes for the party... but then, that's forgetting the subs and benchwarmers.

But ah, mes entantes, we digress from the better things in life. Going into the technicalities of the game and all that. Take the proposed new starting lineup for the Los Angeles team. Warburton in at quarter and Griffiths at full, McNeish at half ready either to throw or snag a pass, Sparling at one end as both defensive end and an offensive weapon par swellegant.

Take that, and that? You have a very desirable layout—power, speed (Mr. Flash Warburton), beautiful deception. And add to that Messrs. Smith, Palmer, Roosenburg, Youel, Brown, and H. Jones and you have probably an unbeatable layout. The only thing that stands a chance to beat them if they played as against Notre Dame are eleven swelled heads. But then of course they wouldn't be playing against Notre Dame.

Pitt, tho, is possessed of a football team, we are told, and we are hoping that Mr. Jones has also been told that little thing. No football game is a sure thing.

A pickup basketball team from local environs is playing in Pasadena this week. Fred Lalone rounded up the outfit. Another quintet, representing the icemen

are also rumored to be starting out belatedly.

Regular tennis matches, charted to pretty near clean up the robin remainder of the schedule, will be played this weekend, if the courts are dry.

Southern California fishermen are in for a good fishing season next summer. The hatchery at Forest Home is ready to supply a record number of "fingerlings" to the lakes and streams up in the Sierra Madre back-country.

Hunters, too, will be happy to know that action is being taken to assure a quantity of quail. In Los Angeles, San Bernardino and Riverside counties 2,300 of the game birds were planted on about twenty refuge spots. Don't get any smart ideas about that—wardens are also plentifully distributed to see that there is no slaughter.

Swanky sport is on deck as soon as the local bridge club gets going. Quite a collection of sporting activities for a village not as large as a dozen colleges not so far distant: Riding, tennis, football (sandlot, sure), basketball, baseball (pretty soon now), horse-shoe singing, and we must admit, even ping-pong. Ray Fox got a set of the latter for Xmas and Bill Pyle has one already. Goody.

Outcome of the Burbank races Christmas day: Al Belohlavek came in first in the 10-lap qualifying heat, copped the Helmet Dash and broke an axle in the 25 lap main event. Wayne Morrison took third in the 25—had the breaks against him most of the afternoon.

It was the class in psychology, and the instructor had asked for a definition of "Love." A sober young fellow stood up and said: "Love is something that brings Heaven down to earth—and raises hell!" —Harry Brintnall.

Real Thrillers Booked For Dean's Arcadia Theatre

Dean's Arcadia Theatre is now cozier than ever for the winter evenings with the installation of a new heating system, the management announces. Programs of outstanding merit also are scheduled for this holiday week-end. Tonight and Saturday Marie Dressler and Polly Moran appear in the laugh riot "Prosperity," and to make the evening completely one of fun there is a Mickey Mouse animated cartoon included among the short features.

Sunday and Monday matinees and evening there will be an exceptional double feature program which includes Paul Muni in "I Am a Fugitive from a Chain Gang" and "Thirteen Women," the story of a group of women all doomed to disaster by some malignant fate. Irene Dunne and Ricardo Cortez head the cast. The story of the Fugitive, of course, is well known by now, having been written by an actual fugitive from Georgia, whose extradition from New Jersey has just been denied by the Governor of that State.

"Vanity Street" and Zane Grey's "Golden West" are to be on view next week, Tuesday and Wednesday.

CHRISTMAS PARTY FOR FOUR YOUNG GUESTS

Miss Leah Fletcher of 634 West Highland avenue, entertained with a dinner party on Tuesday afternoon for four children at her home. Small guests were Virginia Barnes of Gardena; Lorraine Hobson, Phyllis Buchan and John Buchan of Sierra Madre. Miss Gertrude Chapman of Gardena, aunt of Virginia Barnes, was also a guest. Games were enjoyed in the Fletcher gardens following the dinner.

Local Assemblyman Asks Suggestions By Constituents

Assemblyman-elect Frank G. Martin, of this district, will leave on Saturday for Sacramento to be present at the opening of the session of the Legislature next Monday, January 2.

In a statement to his constituents of the Forty-Eighth District, Mr. Martin says: "Tremendous tasks lie before the forthcoming session of the State Legislature. These and the solution of problems involved will tax the judgment and discretion of every member of the Legislature. I hope that all of my constituents will appreciate the gravity of the situation and its complexities. It is commonly conceded that no such complicated problems ever before confronted a California Legislature. I crave the indulgence of my good friends in this area, and I hope they will not be hasty in passing judgment upon the various phases of the important work which must be done.

"I shall do what I honestly and conscientiously believe to be right and for the best interests of all the people of this district. Of Southern California and of the entire state. While I must be guided by my own judgment in the final decision on all legislative questions, yet I shall be open-minded where methods rather than principles are involved. I shall welcome constructive suggestions from my constituents. My address during the first session will be Hotel Sacramento, at Sacramento. I may be addressed there or if constituents come to Sacramento I shall be pleased to greet and welcome all."

This City Picked For 5-Year Program In Boy Scout Work

Sierra Madre was chosen from all the towns in the Pasadena-San Gabriel Valley scouting district to be the city in which a five-year program of adult Boy Scout leadership instruction will be carried on, it was announced by Scout Executive Trask at the annual election meeting of the local officials here on Tuesday night.

The 1933 program has already been outlined, with 24 weekly sessions, to take place the second and fourth Tuesday evening of each week, commencing January 10. The newly elected Director of Leadership Training and Personnel here is Norman Jensen.

Other new executive officers for 1933, elected Tuesday evening, are: William Barry, chairman of the executive committee; Dean Arnold Bode, vice chairman; R. O. Calkin, secretary; H. E. Allen, treasurer; Dan H. Lewis, director of finance; Vincent Fleming, Court of Honor chairman; Robert Newberry, camping and outdoor head; William Schwartz, director of civic service and publicity; Arthur Evans, troop organization and extension; Dan Parker, director of Scout reading program.

Charge Local Boy With Stealing In Department Store

Harold Phillips, 20 year old Sierra Madrean who lives at 306 1/2 North Lima street with an older brother, was arrested by Chief of Police Gordon McMillan here on Thursday evening charged with the theft of an overcoat in an Alhambra department store earlier in the day.

While shopping in the store young Phillips is alleged to have donned a topcoat, and walked out of the store with it on. Store attendants noted the license number of the car in which he drove away. The number was traced, word of the theft radioed to Sierra Madre, and the youth was apprehended as he drove into his garage.

Valley Citizens To Attend Retreat At Monastery Here

A week from today the Passionist Fathers will conduct the most ambitious of their week-end retreats. Announcement is made by Rev. Father Edmund Walsh, Retreat Director, that this retreat, commencing at 6 o'clock January 6 and continuing until 8 p.m., the following Sunday, January 8, will be under the supervision of Rev. Father Isadore Dwyer.

Retreatants will be composed of men from Sierra Madre, Pomona, El Monte and Monrovia, Catholics and non-Catholics alike, who have in mind a period of spiritual refreshment and recreation. Those from this city who wish to attend may make their application and reservation as early as possible through Father Edmund at the Monastery on Monte Oliva.

Father Isadore is considered to be one of the finest retreat conductors yet chosen for that position, being a man rich in experience. Kiwanis Club members will remember him for the talk he gave on South America at a luncheon in the clubhouse recently.

Prosecutor Bars Bets At Local Track

District Attorney Buron Fitts served notice yesterday upon Joseph Smoot, promoter of the Santa Anita Park race track at Sierra Madre avenue and Huntington Drive, that his office will not stand for the sale of "option" race pools when the now half completed plant is opened with its first meeting in February.

In a letter to Smoot, the district attorney said he had been informed it was the intention to "operate the 'option' system of betting when the track gets under way and that this system of gambling, in his opinion, is against the State law and will not be permitted.

Indicating the method he proposes to pursue to suppress open gambling, Fitts said it was his intention to raid the track if option pools are sold and to arrest not only the bookmakers but those who bet with them.

Promoter Smoot seemed not at all perturbed last night when informed that the district attorney had made public the contents of a letter addressed to him and announced that construction of the grand stand and club house will begin on Monday. He had never intended, he said, that the "option" pool system should be used at his track and called attention to an interview with him published in THE NEWS shortly after the November election in which he expressed satisfaction with defeat of the proposed constitutional amendment that would have legalized race track gambling.

In this interview Smoot announced that the wagering plan initiated at Hialeah, his racing plant at Miami, Florida, would be used at the Santa Anita Park course.

The system to which he referred is the "donation" system, under which racing fans and bettors make donations for operating and other expenses and the surplus over these expenses is distributed after each race to the holders of winning tickets.

Mr. Paschall, the new director, has been a resident here for somewhat more than six years and has been prominently identified with all of the city's progressive movements. He lives on a modern ranch property on East Highland avenue and is the father of several children. For 23 years he has been general agent in the Los Angeles area for the Pacific Mutual Life Insurance company, a California corporation with the largest clientele on the West coast.

CONTRACT FOR CARE OF JAIL PRISONERS

A short session of the City Council Wednesday evening approved a contract between Sierra Madre and the County whereby prisoners from here may be turned over for imprisonment in the County Jail when the city does not wish to house them for any extended sentence. 'A Night In Hawaii' Proves Delightful Mid-Holiday Event

The presentation of "A Night in Hawaii" and novelties by the pupils of Miss Gladys Walker, well-known dancer and teacher, on Thursday evening, December 29, at the Sierra Madre Woman's Club was one of the most delightful of mid-holiday events. The revue, featuring children ranging in age from five to 16 years, introduced a variety of novel dances, including comedy, toe, ballet, acrobatic, exhibition, tap, adagio and National.

The dances were created by Miss Walker, who was formerly associated with Wania and Ted Dover of Hollywood and who is a teacher with the Theatrical Arts Studio of Glendale. With her dancing partner she recently completed an engagement at the Cocoanut Grove.

Preceding the dinner a delicious dinner was served from 6:30 to 7:30 o'clock. Proceeds from the affair will be used by the ways and means committee of the club.

The Literature Review section of the club met on Wednesday morning with Mrs. O. B. Manchester. A box luncheon followed and the club adjourned early.

Local People And Events Featured In Hey Diddle Diddle

Tryouts for the musical revue, "Hey Diddle Diddle," to be presented in February by the Woman's Club Juniors, will be held at 7:30 p.m., Tuesday, January 3, in the Junior Clubrooms at the clubhouse. The revue is written by John Newmyer of Hollywood, with an atmosphere of local events and people.

Miss Cricket Calkin will direct the dancing, and Richard Stearns of Hollywood, will have charge of the dialogue. All local persons talented in singing or dancing are invited to the tryouts. Among the out-of-town persons taking part will be Harry Shaffer of Beverly Hills, and Frankie Lee, older brother of Davie Lee, young movie actor of "Sunny Boy" fame. The proceeds from the revue, when presented in February, will be used for the scholarship fund of the club.
